Dr. Judith L. Bailey, President

**Northern Michigan University** was founded in 1899 as a coeducational, state-supported institution. The university serves the state and, in particular, the Upper Peninsula of Michigan through a three-dimensional program of instruction, research, and service. Northern offers one-year certificate programs and degree programs at the Associate, Bachelor's, and Master's levels.

The academic program is organized into 30 departments which fall under 6 colleges: College of Arts and Sciences; The Walker L. Cisler College of Business; College of Behavioral Sciences, Human Services, and Education; College of Nursing and Allied Health Sciences; College of Technology and Applied Sciences; and College of Graduate Studies.

# Diploma Programs

Diploma programs are offered in Cosmetology and Collision Repair Technology. One-year certificate programs are offered in automotive service, carpentry, clinical assistant, correctional officer, culinary arts, heating/air conditioning and refrigeration, office services, practical nursing, surgical technician, and wastewater treatment plant operator. Associate degree programs are available in applied textiles, architectural technology, automotive service technology, aviation maintenance technology, building technology, child care services, climate control technology, clinical lab technician, computer-aided design-mechanical, computer information systems, crafts, electro-mechanical technology, electronics technology, electronics servicing technology, food service management, general business, graphic arts technology, health information processing, industrial media, media illustration, office information assistant, and legal office assistant.

## Bachelor's Degree Programs

Four-year programs leading to the Bachelor's degree are offered in accounting, art and design, biochemistry, biology, botany, broadcasting, chemistry, clinical laboratory science, communication disorders, computer information systems, computer programming, computer science, conservation, construction management, criminal justice, cytotechnology, dietetics/clinical and administrative, earth science, ecology, economics, electronics engineering technology, English, education, entrepreneurship, environmental conservation, financial management, French, health and fitness management, health education, history, histotechnologist, human geography, industrial technology, international studies, liberal studies, management, marketing, mass communications, mathematics, microbiology, music, nursing, office systems, outdoor recreation leadership and management, philosophy, physical education, physics, physical geography, physiology planning, political science/prelaw, preschool and family life, public administration, psychology, public relations, recreation, restaurant and institutional management, retail merchandising management, science technologist, ski area business management, social work, sociology, Spanish, speech communications, sports science, technology and applied sciences, theatre, water science, writing, and zoology.

### Master's Degree Programs

The University offers the Master of Arts degree in education with curricula in elementary education, secondary education, and administration. The Master's degree is also offered in the following areas: administrative service, biology, chemistry, communication disorders, English, exercise science, individualized studies, mathematics education, nursing (M.S.N.), and public administration.

### Off-Campus Programs

Northern provides off-campus courses throughout the Upper Peninsula with specialized offerings at Escanaba, Menominee, Ironwood, and Iron Mountain-Kingsford. These course offerings are being delivered by traditional methods as well as through interactive television. Independent study courses are also offered through correspondence and Internet methodologies.

### Accreditations

Northern Michigan University is accredited by the North Central Association of Colleges and Secondary Schools. All education programs are accredited by the National Council for the Accreditation of Teacher Education. Other accreditations are the American Chemical Society; American Society of Cytology; American Speech-Language-Hearing Association; National Accrediting Agency for Clinical Laboratory Sciences; National Association of Schools of Music; the Council on Social Work Education; National Association of Industrial Technology; the National

Council of Teachers of Math; and approval by the American Dietetics Association. In addition, the nursing programs (Practical Nursing Associate, Bachelor's and Master's Degrees) hold approval and accreditation by the Michigan Department of Licensing and Regulation, State Board of Nursing, and National League for Nursing.

The College of Business is an Assembly Member of the American Assembly of Collegiate Schools of Business.
